Grading
Final grades will be based on programming and homework assignments, a midterm test, and a final exam with appropriate weights based on difficulty. The midterm and/or final may be an in-class test, a programming assignment, or an in-class presentation.

<table>
<thead>
<tr>
<th>Category</th>
<th>Percentage</th>

</table>

Letter grades will be based on a 10-point scale. These ranges may be changed somewhat, but only to your advantage.
Assignments
Assignments will constitute a significant portion of your grade for the course. Each of these assignments should follow the guidelines listed below.

- **Webpage** A webpage with your solution to the assignment must include:
  - description of the problem
  - description of the solution
  - images produced by your code

- **Source Code** For each assignment, you will be notified on the method for submitting code, if required.

- **Late Work** Late assignments will be accepted with penalty deemed appropriate.

- **Independent/Team Work** You must work on projects independently, unless specifically authorized to work in teams. Cheating of any kind will not be tolerated and will result in significant penalties.
